Phone accessories for Canadian gift shops

Commercial offer for our distribution partner in Canada

EXCLUSIVE DESIGNS

READY OPENING ASSORTMENT

DISPLAY-READY PACKAGING

A souvenir visitors use every day – in designs no one else has

Why phone accessories belong on a gift-shop shelf

Used every day

Unlike a magnet in a drawer, a phone case stays in the hand – the destination stays in view.

Small footprint

Hangs on a peg hook or a spinner: a full collection takes very little shelf space.

Impulse buy & gift

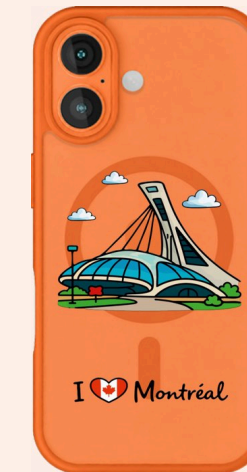

Bought for yourself and as a gift; a PopSocket is a natural add-on at checkout.

Still rare in tourist retail

Few gift shops offer the category – little competition on the shelf.

EXCLUSIVE CANADIAN COLLECTION

Created by our in-house design studio for Canada. These designs are exclusive to you in Canada – we do not offer them on any of our own sales channels.
